World Informatix Cyber Security (WICS)

Past Performance Details (Highlights)

- **Board of Governors of the Federal Reserve System (FRB), 2020**
Project: Cyber Threat Analysis
Details: WICS is supporting the FRB by providing cyber threat analysis and intelligence to support the board of governors and the Federal Reserve Bank network.
- **Central Bank of Bangladesh, 2016**
Project: Central Bank of Bangladesh Heist
Details: World Informatix Cyber Security was the first responder to the largest cyber-heist in history, the theft of USD \$101 million at the Central Bank of Bangladesh. World Informatix Cyber Security provided incident response, forensics, vulnerability assessment and developed the remediation plan along with its strategic partner FireEye Mandiant. WICS played a role as communication intermediary between the FBI, SWIFT and Central Bank of Bangladesh.
- **Asian Development Bank, 2019**
Project: SWIFT Center Penetration Test & Red Team
Details: Performed complete security review and penetration test of SWIFT payment system infrastructure, including a red-team exercise to attempt to gain access to internal networks, and a Wi-Fi vulnerability assessment at the headquarter and country office locations.
- **United Nations International Computing Centre (UN ICC), 2019**
Project: Security Operation Center (SOC) services
Details: World Informatix provides SOC support to UN ICC to provide monitoring & alerting, vulnerability assessment, incident response and penetration testing to its 36 constituent United Nations Agencies.
- **Central Bank of Nigeria, 2017-2018**
Project: SWIFT Security Review & Advanced Cyber Security Training
Details: Comprehensive security review of SWIFT and core banking network for the Central Bank. Review includes network & website penetration tests, policy + IT architecture review & vulnerability assessment and vulnerability assessment of technical controls. World Informatix Cyber Security planned and hosted an advanced training session located in Washington DC for executive management of Central Bank of Nigeria.
- **United Nations Food and Agriculture Organization (UN FAO), 2016-2019**
Project: SWIFT Security Review & Cloud Security review.
Details: Under a 4-yr LTA, WICS provided various contracts yearly for a diverse set of cyber security services. Services include comprehensive SWIFT security review for FAO and credit union and a comprehensive cloud security review for office 365 project and Microsoft Azure cloud migration.

Partnerships & Re-seller Agreements
